AN INTRODUCTION TO YOUR NEW HOME

FRANKLIN'S HOME PAGE
www.franklin-gov.com

Franklin is a unique blend of history and progress. Since its beginning in 1799, we have grown from a tiny, agricultural community into a richly blended area with a vibrant artistic community. There is much to see and do in Franklin, from a Civil War battlefield, to a host of museums and antebellum mansions, to our thriving downtown shopping area and the Cool Springs Galleria mall.

Downtown Franklin, comprised of a beautiful 15 block historic district, offers true Southern hospitality with a great American Mainstreet and 200 years of rich history. Visitors will find commemorative brick sidewalks, beautiful landscaping, lovely Victorian architecture, and stunning renovated historic buildings -- all located in the heart of Franklin. Downtown Franklin offers elegant shopping, restaurants, antique shops, a variety of clothing stores, art galleries, professional services, and more.

THE FACTORY
www.factoryatfranklin.com

Just six block away from downtown, the NFI is conveniently located inside one of Franklin's coolest places -- and the hub of its artistic community -- The Factory. Built in 1929 and serving as a functioning factory various things from stove works to bedding during most of the 20th century, the Factory has now been completely renovated into a unique space for shopping, dining, entertainment, and art. It's home to everything from candy factories and video production companies, to a shop where you can make your own pottery or paint pre-made pottery and have it fired! Check out the site to see more about the kinds of fun events and amazing shops you can expect to enjoy as a student at the NFI.
